

Team effort distribution report

Assignment number: 1

Assignment Team number: 2

GitHub URL: <https://github.com/PetrChalupsky/ScientificComputing-set1>

Brief description of work distribution

Lisa was primarily responsible for the time dependent diffusion equation, the time independent diffusion equation and writing the report. Petr was primarily responsible for the wave equation, adding objects to the grid, finalizing the code and writing the report. Both team members participated and contributed to all tasks.

Tika did not contribute to most of the project because she had basic military training camp, but helped with final details. She will compensate for this with the other assignments.

Git fame distribution of the repository

Date and time: 19.02.2025 10:35

Output image of git fame:
